Dear Mr. Bidault,

This letter is in response to Uruply's application received on February 25, 2021 for approval to be a panel manufacturer certified in accordance with the CPA Formaldehyde Emissions Grademark Program.

Your application includes a request for approval to manufacture Hardwood Plywood - Veneer Core destined for sale, supply, or use in the United States. We reviewed your application and found that your application and qualifications are complete pursuant to 40 CFR Part 770 *Formaldehyde Emissions Standards for Composite Wood Products* and the *California Air Resources Board Air Toxic Control Measure to Reduce the Emissions of Formaldehyde from Composite Wood Products, 17 CCR 93120 (ATCM 93120)*.

CPA is informing you that, as of March 4, 2021, Uruply S.A. has been approved and products manufactured under the requirements of this program may be sold as certified.

For more information about the, please visit www.compositepanel.org

If you have any question regarding this matter, please contact me via email or phone.

Sincerely,
